

SMARTICE

REMOTELY
MANAGE
OPERATIONS 24/7

LET YOUR BUSINESS RUN ITSELF

SmartIce™ Remote Management System, a web-based application, lets owners manage all aspects of their ice and water vending machines – including location information, product sales, technical operations, and customer service. It offers real-time alert messages and current sales data. It lets owners compare sales trends, benchmark locations and evaluate machine performance. Most importantly, SmartIce provides owners the visibility to see what each machine is doing from the comfort of their home or anywhere they can connect to the internet.

SMARTICE™

ACCESS YOUR MACHINE 24/7

SmartIce provides owners access to their machines' controls conveniently from any computer, tablet, or smartphone anytime of the day. This allows owners to access every aspect inside their machine; from sales, operational status, and remote commands.

- Vend a free bag of ice for a customer
- Schedule when and how long the icemaker operates during the day
- Get alert messages from the machine immediately via text or email
- Benchmark machine sales against state and national averages
- Track cash outs and know exactly how much cash was removed each time

EASE IS THE NAME OF THE GAME

SmartIce not only provides remote access to machines but will also make maintaining it easier. Fix, reset or schedule maintenance from home, work or vacation plus see inside the machine using SmartIce's live video camera system.

- Be reminded what to do and when to do it
- View the inside and outside of the machine remotely from our live video camera system
- Reset, control the machine or correct important issues from the convenience of home

ACCURACY EQUALS PEACE OF MIND

SmartIce tracks and summarizes sales hourly, daily, weekly, monthly and annually without missing a penny. Owners will know how much, when and what is exactly being sold. Additionally owners can be alerted on the use and replacement needs of the machines wearable parts.

- View sales on an hourly, daily, weekly, monthly and annual basis
- Know how full the ice bin is instantly
- Correlate year over year sales to weather patterns to understand trends
